

## TECHNICAL DATA SHEET

### FRP POLE 40 ft. / 1650 lbf / CTC

FEATURES	
Approximate weight (lb)	286.0
Comercial Height (ft)	40
NESC Grade B equivalency	Class 4
Nominal work load (lbf)	660
Design load (lbf)	1650
Safety Factor	2.5
Pole Height (ft)	39.4
Embedment Height (ft)	6
Base nominal diameter (in)	14.6
Embedment diameter (in)	13.5
Top nominal diameter (in)	5.9
Taper	1.8%
Manufacturing standard	ASTM D 4923-01

### FIBERGLASS REINFORCED POLYMER

 <b>Multicreto®</b> <small>Licensed by Fibratore</small>			
Pais de Origen:		México	
Nomenclatura:		PCRFV-7M-CTC	
Carga de Diseño:		350 Kgf	
No. De serie:	Muestra	Masa Total:	38 Kg
Tipo de Fibra:	E	Fecha:	2016

#### IDENTIFICATION PLATES:

1. Marking embedded in the laminate
2. Translucent finish
3. Not removable

#### NOTES:

1. Gray finish with UV protection and self-extinguishing agent
2. Perforations according to customer's requirement.
3. Smooth exterior finish.
